# Where can I get ProfibusDP GSD File?

Clemens - 2024-10-10 - DTSC-200

for legacy MFR2 with option Su/Sb ProfibusDP  or GW4 PRO

enter part number of MFR2 or GW4-Pro here:

https://www.woodward.com/en/support/industrial/technical-help-desk/control-configuration-files

press search

for ESEPRO Gateway to be used with easYgen platform controls converting CANopen to Profibus DP see here https://www.proconx.com/woodward-profibus-gateway

go for folder downloads:

| | |
|---|---|
| Standard ESEPRO GSD File (DP-V1 & DP-V0) | GSD file Revision 4 |
| Y-Link ESEPRO GSD File (DP-V0) | GSD file limited to DP-V0 functionality, use only in conjunction with Siemens Y-Link. |
